Year 7 Literacy & Numeracy Catch-Up Premium Report

The DfE has made additional funds available to support Year 7 pupils who did not achieve the expected standard in reading or maths at the end of key stage 2. This grant is known as the Year 7 Literacy & Numeracy Catch-Up Premium. An allocation is made for every pupil who has not achieved the 'expected standard' in reading or maths at KS2 as per the October school census.

This short report summarises how the previous year's funding was spent and how we intend to spend this year's funding. Most importantly, it provides information on the outcomes of the spending and the improvements made amongst our pupils.
