"Learning together for Success"

Our school motto 'Learning together for Success' is placed at the centre of everything we do at Bredon Hill Academy. We are committed to providing a supportive and enabling learning environment where all pupils are challenged to achieve their potential, to engage fully in the life of the school and to grow as learners.

We believe that pupils learn best when they are given the opportunity to engage in meaningful learning experiences. Our teachers plan interesting and challenging lessons, using tried and tested approaches, which allows the teaching to be tailored to the needs of the pupils to enable every pupil to make progress. Teachers expect all pupils to aim to be the best they can.

4. Read the information carefully before heading onto the relevant Year Group and the learning.

5. Once you have accessed the year group link and the subject you are going to complete the work for, you must check the **Weekly Overview** for the subject to find the appropriate week's learning for the time you are away.
